Architectural Concrete Solutions

## BOMANITE PATENE ARTECTURA PRODUCTS

Cross Reference Guideline

Product Name	Carrier Description	VOC Content*	Recommended Surfaces	Unique Characteristics	Coverage Per Square Foot	Hazardous Goods
<b>Bomanite Chemical Stain</b>	Acidic Water Solution	None	Interior or Exterior Bomanite, Bomacron, Toppings, Concrete	Reactive metallic solution formulated to develop color on prepared concrete surfaces. UV stable and permanent, insoluble color in limited earth tone shades	200-400 per gallon	Yes
<b>Bomanite Con-Color</b>	Basic Water Solution	<20 grams/liter	Interior or Exterior Bomanite, Bomacron, Toppings, Concrete	Reactive lithium silicate solution formulated to carry color and bond to prepared concrete surfaces. UV stable (some bright/intense colors are UV sensitive) and permanent with unlimited color range	200-400 per gallon	No
<b>Bomanite Concrete Dye WB (water-based)</b>	Neutral Water Solution	0-153 grams/liter See Page 2	Interior Only Bomanite, Bomacron, Toppings, ground and Polished Concrete	Non-reactive concentrated solution formulated to impart color on prepared concrete surfaces. UV sensitive in a selected range of colors. Must be field blended with water or acetone prior to use.	1000+ per gallon diluted	No
<b>Bomanite Concrete Dye SB (solvent-based)</b>	Neutral Acetone Solution	0-153 grams/liter See Page 2	Interior Only Bomanite, Bomacron, Toppings, ground and Polished Concrete	Non-reactive concentrated solution formulated to impart color on prepared concrete surfaces. UV sensitive in a selected range of colors. Must be field blended with water or acetone prior to use.	1000+ per gallon diluted	Yes

\*Before use, consult local, state and federal regulations in your area to make sure product is in compliance.

<b>Bomanite Concrete Dye Color Selection</b>		<b>VOC Content*</b>				
<b>Pomegranate Black Orchid</b>		<125 grams/liter <25 grams/liter after dilution				
<b>Pineapple Thistle Green</b>		<144 grams/liter <29 grams/liter after dilution				
<b>Malt Brown Warm Honey Rootbeer Blueberry Sweet Potato</b>		<135grams/liter <27 grams/liter after dilution				
<b>Roasted Pepper Maple Syrup Tangerine</b>		<116 grams/liter <24 grams/liter after dilution				
<b>Rhubarb Red Berry</b>		<96 grams/liter <20 grams/liter after dilution				
<b>Dandelion</b>		<153 grams/liter <31 grams/liter after dilution				
<b>Blue Poppy</b>		Zero VOC
